about us

ATC Property Management was founded in 2003 from our Swindon office. During our growth and development we have established a managed portfolio of nearly 400 properties. These range from individual rooms right through to executive homes predominately throughout Swindon and the surrounding areas.

All of our staff are experienced in the property field and customer service. Our staff ensure that every need is met, with communication being key to stress free management of our clients' property portfolios.

We have a huge wealth of knowledge and are able to advise you regarding all aspects of the property letting business. This advice includes working with landlords that are just starting out through to working with landlords that now own large property portfolios as a result of working with us over a number of years.

All of our services are flexible and tailor made to your individual requirements. We are always happy to consider new projects and we pride ourselves on our working methods and marketing your property.
